

Project Name	LetCode									
Test Designed By	Renuka Rathore									
Test Designed Date	03-Oct-2024									
Test Executed By	Renuka Rathore									
Test Executed Date	05-Oct-2024									
Module Name	Scenario Description	Test Case ID	Test Case Title	Preconditions	Test Steps	Expected Result	Actual Result	Status	Comments	
Sign-Up	As a new user, I want to sign up with valid details so that I can create an account and access personalized features on LetCode.in.	TC_SIGNUP_001	Successful sign up with Valid Details	User is on the sign up page.	1. Navigate to the Sign up page. 2. Enter a valid username. 3. Enter a valid email address. 4. Enter a strong password. 5. Agree to the Terms and Conditions. 6. Click on the 'Sign Up' button. 7. https://letcode.in/signup	User is successfully registered and is redirected to the dashboard or homepage with a welcome message.	User is successfully sign up and redirected to the homepage with welcome message.	Pass	Verify welcome message.	
Sign-Up	As a new user, I attempt to register with an email address that is already in use. I expect the system to notify me that the email is already registered.	TC_SIGNUP_002	Sign up with Existing Email Address	User is on the Sign up page.	1. Navigate to the registration page. 2. Enter a username. 3. Enter an email address that is already registered. 4. Enter a strong password. 5. Agree to the Terms and Conditions. 6. Click on the 'Sign Up' button. 7. https://letcode.in/signup	An error message is displayed indicating that the email address is already in use. The user remains on the registration page and is prompted to use a different email or log in.	User is unsuccessful for sign up and show the email address is already in use by another account.	Pass	Ensure error message is clear and helpful.	
Sign-Up	As a new user, I enter an invalid email format during Sign up. I expect the system to prompt me to enter a valid email address.	TC_SIGNUP_003	Sign up with Invalid Email Format	User is on the Sign up page.	1. Navigate to the Sign up page. 2. Enter a username. 3. Enter an invalid email format (e.g., user@domain). 4. Enter a strong password. 5. Agree to the Terms and Conditions. 7. Click on the 'Sign up' button. 8. https://letcode.in/signup	An error message is displayed indicating that the email format is invalid. The user is prompted to enter a valid email address.	User is unsuccessful for sign up and show the email address is badly formatted.	pass	Check for proper email validation.	
Sign-Up	As a new user, I provide a password that does not meet the minimum strength requirements. I expect the system to enforce password policies and prompt me to create a stronger password.	TC_SIGNUP_004	Sign up with Weak Password	User is on the Sign up page.	1. Navigate to the Sign up page. 2. Enter a username. 3. Enter a valid email address. 4. Enter a weak password (e.g., 123). 5. Agree to the Terms and Conditions. 6. Click on the 'Sign up' button. https://letcode.in/signup	An error message is displayed indicating that the password does not meet the required strength criteria. The user is prompted to create a stronger password.	User is unsuccessful for sign up and show the Password should be at least 6 characters.	Pass	Ensure password policies are enforced.	
Sign-Up	As a new user, I enter mismatched passwords in the Password and Confirm Password fields. I expect the system to notify me of the mismatch and prevent account creation.	TC_SIGNUP_005	Sign up with invalid Passwords	User is on the Sign up page.	1. Navigate to the sign up page. 2. Enter a username. 3. Enter a valid email address. 4. Enter a strong password. 5. Enter a different password in the Confirm Password field. 6. Agree to the Terms and Conditions. 7. Click on the 'Sign up' button. https://letcode.in/signup	An error message is displayed indicating that the passwords do not match. The user is prompted to correct the mismatch before proceeding.	User is unsuccessful for sign up and show the email address is already in use by another account.	Pass	Verify matching passwords validation.	
Sign-Up	As a new user, I leave mandatory fields (e.g., Username, Email, Password) empty during registration. I expect the system to prompt me to fill in all required fields.	TC_SIGNUP_006	Sign up with Empty Email	User is on the Sign up page.	1. Navigate to the Sign up page. 2. Enter the username. 3. Leave one mandatory fields empty (e.g., leave Email blank). 4. Enter a strong password. 5. Agree to the Terms and Conditions. 6. Click on the 'Sign up' button. https://letcode.in/signup	Error messages are displayed for each empty mandatory field, indicating that they are required. The user is prompted to fill in all necessary information.	User is unsuccessful for sign up and show the email address is badly formatted.	Pass	Highlight all empty fields appropriately. suggestion-it should give prompt for example-Please enter the email address.	
Sign-Up	As a new user, I leave mandatory fields (e.g., Username, Email, Password) empty during registration. I expect the system to prompt me to fill in all required fields.	TC_SIGNUP_007	Sign up with Empty username	User is on the Sign up page.	1. Navigate to the Sign up page. 2. Leave one mandatory fields empty (e.g., leave username blank). 3. Enter the valid email. 4. Enter a strong password. 5. Agree to the Terms and Conditions. 6. Click on the 'Sign up' button. https://letcode.in/signup	Error messages are displayed for each empty mandatory field, indicating that they are required. The user is prompted to fill in all necessary information.	User is successfully sign up and redirected to the homepage with welcome message.	Fail	Highlight all empty fields appropriately.	

Sign-Up	As a new user, I leave mandatory fields (e.g., Username, Email, Password) empty during registration. I expect the system to prompt me to fill in all required fields.	TC_SIGNUP_008	Sign up with Empty both fields (username and email)	User is on the Sign up page.	1. Navigate to the Sign up page. 2. Leave one mandatory fields empty (e.g., leave username blank). 3. Enter the valid email. 4. Enter a strong password. 5. Agree to the Terms and Conditions. 6. Click on the 'Sign up' button. https://letcode.in/signup	Error messages are displayed for each empty mandatory field, indicating that they are required. The user is prompted to fill in all necessary information.	User is unsuccessful for sign up and show the email address is badly formatted.	Pass	Highlight all empty fields appropriately. suggestion-it should give prompt for example-Please enter the username and email address.	
Sign-Up	As a new user, I enter a username with special characters or invalid symbols. I expect the system to enforce username validation rules and prompt me to choose a valid username.	TC_SIGNUP_009	Sign up with Invalid Username Characters	User is on the Sign up page.	1. Navigate to the Sign up page. 2. Enter a username with special characters (e.g., user!@#). 3. Enter a valid email address. 4. Enter a strong password. 5. Agree to the Terms and Conditions. 6. Click on the 'Sign up' button. https://letcode.in/signup	An error message is displayed indicating that the username contains invalid characters. The user is prompted to choose a valid username without special symbols.	User is successfully sign up and redirected to the homepage with welcome message.	Fail	Ensure proper username validation.	
Sign-Up	As a new user, I attempt to register with the maximum allowed characters in each input field. I expect the system to accept the input without errors and store the data correctly.	TC_SIGNUP_010	Sign up with Maximum Field Lengths	User is on the Sign up page.	1. Navigate to the Sign up registration page. 2. Enter a username with maximum allowed characters. 3. Enter an email address with maximum allowed characters. 4. Enter a strong password with maximum allowed characters. 5. Agree to the Terms and Conditions. 6. Click on the 'Sign up' button. https://letcode.in/signup	Registration is successful, and the user account is created with all data correctly stored. The user is redirected to the dashboard or homepage with a welcome message.	User is successfully sign up and redirected to the homepage with welcome message.	Pass	Validate data storage integrity.	
Sign-Up	As a new user, I try to register without agreeing to the Terms and Conditions. I expect the system to enforce acceptance of terms before allowing account creation.	TC_SIGNUP_011	Registration Without Agreeing to Terms	User is on the Sign up page.	1. Navigate to the registration page. 2. Enter a username. 3. Enter a valid email address. 4. Enter a strong password. 6. Do not check the Terms and Conditions checkbox. 7. Click on the 'Sign up' button. https://letcode.in/signup	An error message is displayed indicating that agreeing to the Terms and Conditions is mandatory. The user is prevented from registering until the checkbox is selected.	User is successfully sign up and redirected to the homepage with welcome message.	Fail	Ensure mandatory checkbox enforcement.	
Log-In	As a registered user, I want to log in with valid credentials so that I can access my account dashboard.	TC_LOGIN_012	Successful Log-In with Valid Credentials	User is on the login page.	1. Navigate to the login page. 2. Enter a valid email address. 3. Enter the correct password. 4. Click the 'Log In' button. https://letcode.in/signin	User is successfully logged in and redirected to the dashboard with a welcome message.	User is successfully logged in and redirected to the homepage with welcome message.	Pass	Verify welcome message and dashboard access.	
Log-In	As a registered user, I accidentally enter an incorrect password. I expect the system to notify me of the error and prevent access.	TC_LOGIN_013	Log-In with Invalid Password	User is on the login page.	1. Navigate to the login page. 2. Enter a valid email address. 3. Enter an incorrect password. 4. Click the 'Log In' button. https://letcode.in/signin	An error message is displayed indicating that the password is incorrect. The user remains on the login page.	Error message is displayed the password is invalid or the user does not have a password.	Pass	Ensure error message clarity.	
Log-In	As a registered user, I enter an email address that is not associated with any account. I expect the system to inform me that the account does not exist.	TC_LOGIN_014	Log-In with Non-Registered Email	User is on the login page.	1. Navigate to the login page. 2. Enter an unregistered email address. 3. Enter any password. 4. Click the 'Log In' button.	An error message is displayed indicating that the email is not registered. The user remains on the login page.	Error message displayed there is no user record corresponding to this identifier. The user may have been deleted.	Pass	Encourage user registration.	
Log-In	As a user, I might leave both the email and password fields empty while attempting to log in. The system should prompt me to fill in the required fields.	TC_LOGIN_015	Log-In with Empty Email and Password Fields	User is on the login page.	1. Navigate to the login page. 2. Leave both the email and password fields empty. 3. Click the 'Log In' button. https://letcode.in/signin	Error messages are displayed indicating that both email and password fields are required. The user is not logged in.	Error message displayed the email address is badly formatted.	Pass	Highlight empty fields. Suggestion-error message should be displayed to please enter the email and password	
Log-In	As a user, I might forget to enter my email while providing the password. The system should notify me that the email field is mandatory.	TC_LOGIN_016	Log-In with Empty Email Field	User is on the login page.	1. Navigate to the login page. 2. Leave the email field empty. 3. Enter a valid password. 4. Click the 'Log In' button. https://letcode.in/signin	An error message is displayed indicating that the email field is required. The user is not logged in.	Error message displayed the email address is badly formatted.	Pass	Focus on empty email field. Suggestion-error message should be displayed to please enter the email.	
Log-In	As a user, I might forget to enter my password while providing the email. The system should notify me that the password field is mandatory.	TC_LOGIN_017	Log-In with Empty Password Field	User is on the login page.	1. Navigate to the login page. 2. Enter a valid email address. 3. Leave the password field empty. 4. Click the 'Log In' button. https://letcode.in/signin	An error message is displayed indicating that the password field is required. The user is not logged in.	Error message displayed the password is invalid or the user does not have a password.	Pass	Prompt for password entry.	

Log-In	As a user, I use an email address that contains special characters (allowed by email standards) to ensure that the login system correctly processes such inputs.	TC_LOGIN_018	Log-In with Special Characters in Email	User is on the login page.	1. Navigate to the login page. 2. Enter an email address with special characters (e.g., user.name+1@example.com). 3. Enter the correct password. 4. Click the 'Log In' button. https://letcode.in/signin	If special characters are allowed, log-in is successful and user is redirected appropriately. If not, an error message is displayed indicating invalid email format.	Error message displayed there is no user record corresponding to this identifier. The user may have been deleted.	Pass	Clarify allowed characters based on requirements.	
Log-In	As a user who has recently reset my password, I want to ensure that I can log in successfully using my new credentials.	TC_LOGIN_019	Log-In After Password Reset	User is on the login page.	1. Navigate to the login page. 2. Enter a valid email address. 3. Enter the new password. 4. Click the 'Log In' button. https://letcode.in/signin	User is successfully logged in with the new password and redirected to the dashboard.	User is successfully logged in and redirected to the homepage with welcome message.	Pass	Ensure old password no longer works.	
Log-In	As a user, I want to log out of my account securely to ensure that my session is terminated and no unauthorized access is possible.	TC_LOGIN_020	Secure Sign-Out Functionality	User is logged in to LetCode.in.	1. Click on the 'Sign Out' button/link. 2. Confirm log-out if prompted. 3. Attempt to access a protected page. 4. Observe if access is denied and redirection to the login page occurs. https://letcode.in/	User is successfully sign out, sessions are terminated, and access to protected pages is restricted.	User is successfully sign out.	Pass	Verify session termination.	
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_021	Check workspace functionality	User is on the home page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. https://letcode.in/	User is successfully redirected to workspace page.	User is successfully redirected to workspace page.	Pass	Ensure that the user is redirected to page without any issue.	
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_022	Check the 'Input' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the input(edit). https://letcode.in/edit 4. Click on the Watch tutorial. https://letcode.in/video/edit	User should be successfully redirected to input page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.	
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_023	Check the 'Button' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the Button(Click). https://letcode.in/buttons 4. Click on the Watch tutorial. https://letcode.in/video/button	User should be successfully redirected to button page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.	
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_024	Check the 'Select' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the Select(Drop-Down). https://letcode.in/dropdowns 4. Click on the Watch tutorial. https://letcode.in/video/dropdowns	User should be successfully redirected to dropdown page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.	
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_025	Check the 'Alert' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the AlertDialog). https://letcode.in/alert 4. Click on the Watch tutorial. https://letcode.in/video/alert	User should be successfully redirected to alert page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.	
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_026	Check the 'Frame' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the Frame(Inner HTML). https://letcode.in/frame 4. Click on the Watch tutorial. https://letcode.in/video/frames	User should be successfully redirected to frame page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.	
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_027	Check the 'Radio' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the radio(Toggle). https://letcode.in/radio 4. Click on the Watch tutorial. https://letcode.in/video/radio	User should be successfully redirected to radio page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.	
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_028	Check the 'Window' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the Window(Tabs). https://letcode.in/windows 4. Click on the Watch tutorial. https://letcode.in/video/window	User should be successfully redirected to Window page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.	

Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_029	Check the 'Elements' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the Elements(Find Elements). https://letcode.in/elements 4. Click on the Watch tutorial. https://letcode.in/video/elements	User should be successfully redirected to Elements page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.	
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_030	Check the 'Drag' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the Drag(AUI-1). https://letcode.in/draggable 4. Click on the Watch tutorial. https://letcode.in/video/draggable	User should be successfully redirected to Drag page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.	
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_031	Check the 'Drop' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the Drop(AUI-2). https://letcode.in/droppable 4. Click on the Watch tutorial. https://letcode.in/video/droppable	User should be successfully redirected to Drop page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.	
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_032	Check the 'Sort' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the Sort(AUI-3). https://letcode.in/sortable 4. Click on the Watch tutorial. https://letcode.in/video/sortable	User should be successfully redirected to Sort page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.	
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_033	Check the 'Multi-Select' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the Multi-Select(AUI-4). https://letcode.in/selectable 4. Click on the Watch tutorial. https://letcode.in/video/selectable	User should be successfully redirected to Multi-Select page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.	
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_034	Check the 'Slider' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the Slider(AUI-5). https://letcode.in/slider 4. Click on the Watch tutorial. https://letcode.in/videos	User should be successfully redirected to Slider page and tutorial page.	User is successfully redirected to the slider page and watch tutorial page but there is a one mistake in header (header is does not look properly) and show the javascript and typscript video.	Fail	Ensure that the user is redirected to page without any issue.	
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_035	Check the 'Table' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the Table(Simple table). https://letcode.in/table 4. Click on the Watch tutorial. https://letcode.in/video/webTable	User should be successfully redirected to Table page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.	
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_036	Check the 'Table' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the Table(Advance table). https://letcode.in/advancedtable 4. Click on the Watch tutorial. https://letcode.in/video/AdvancedTable	User should be successfully redirected to Table page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.	
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_037	Check the 'Calendar' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the Calendar(Date & Time). https://letcode.in/calendar 4. Click on the Watch tutorial. https://letcode.in/video/Calender	User should be successfully redirected to Calendar page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.	

Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_038	Check the 'Waits' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the Waits(Timeout). https://leetcode.in/waits 4. Click on the Watch tutorial. https://leetcode.in/video/Waits	User should be successfully redirected to Waits page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_039	Check the 'Forms' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the Forms(All in one). https://leetcode.in/forms 4. Click on the Watch tutorial. https://leetcode.in/videos	User should be successfully redirected to Forms page and tutorial page.	User is successfully redirected to the slider page and watch tutorial page but there is a one mistake in header (header is does not look properly) and show the javascript and typescript video.	Fail	Ensure that the user is redirected to page without any issue.
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_040	Check the 'File' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the File(File management). https://leetcode.in/file 4. Click on the Watch tutorial. https://leetcode.in/video/File	User should be successfully redirected to File page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_041	Check the 'Shadow' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the Shadow(DOM). https://leetcode.in/shadow 4. Click on the Watch tutorial. https://leetcode.in/video/Shadow	User should be successfully redirected to Shadow page and tutorial page.	User is successfully redirected.	Pass	Ensure that the user is redirected to page without any issue.
Work-Space	As a user, I want to test workspace page and check the functions inside the workspace.	TC_WORKSPACE_042	Check the 'Snake Game' page inside the Workspace	User is on the workspace page	1. Click on the 'Explore Workspace' button. 2. Navigate to the workspace page. 3. Click on the Snake Game(Play it!). https://leetcode.in/game 4. Click on the Start game.	User should be successfully redirected to Snake Game page.	User is successfully redirected Snake Game page and click on the star game and game is started.	Pass	Ensure that the user is redirected to page without any issue.
Courses	As a user, I want to test courses page and check the functions inside the courses.	TC_COURSES_043	Check courses functionality	User is on home page	1. Click on the 'Explore Courses' button. 2. Navigate to the courses page. 3. https://leetcode.in/courses	User should be successfully redirected to courses page.	User is successfully redirected to the courses page.	Pass	Ensure that the user is redirected to page without any issue.
Courses	As a user, I want to test courses page and check the functions inside the courses.	TC_COURSES_044	Check Playwright page inside the courses.	User is on the Playwright page	1. Click on the 'playwright'. 2. Navigate to the playwright page. 3. Navigate to playwright page. https://leetcode.in/playwright 4. Click on the video.	User should be successfully redirected and watch the videos on courses page.	User is successfully redirected and watched the videos to the courses page.	Pass	Ensure that the user is redirected to page without any issue.
Courses	As a user, I want to test courses page and check the functions inside the courses.	TC_COURSES_045	Check Selenium-Java inside the courses.	User is on the selenium page	1. Click on the 'Selenium' button. 2. Navigate to the selenium page. 3. Navigate to selenium page. 4. Click on the video.	User should be successfully redirected and watch the videos on courses page.	User is successfully redirected and watched the videos to the courses page.	Pass	Ensure that the user is redirected to page without any issue.
Courses	As a user, I want to test courses page and check the functions inside the courses.	TC_COURSES_046	Check Cucumber-Selenium-Java inside the courses.	User is on the Cucumber-Selenium-Java page	1. Click on the 'Cucumber-Selenium-Java'. 2. Navigate to the cucumber-selenium page. 3. Click on the Enroll the free courses button. 4. Navigate to Cucumber - selenium page. 5. Click on the video.	User should be successfully redirected and watch the videos on courses page.	User is successfully redirected and watched the videos to the courses page.	Pass	Ensure that the user is redirected to page without any issue.
Courses	As a user, I want to test courses page and check the functions inside the courses.	TC_COURSES_047	Check selenium webdriver page	User is on the Courses page	1. Click on the 'Explore Courses' button. 2. Navigate to the courses page. 3. https://leetcode.in/courses 4. Click on the View more button. 5. Navigate to the selenium webdriver page. https://leetcode.in/selenium 6. Click on the video.	User should be successfully redirected and watch the videos on courses page.	User is successfully redirected and watched the videos to the courses page.	Pass	Ensure that the user is redirected to page without any issue.

Courses	As a user, I want to test courses page and check the functions inside the courses.	TC_COURSES_048	Check selenium webdriver-Tamil page	User is on the Courses page	1. Click on the 'Explore Courses' button. 2. Navigate to the courses page. 4. Click on the View more button. 4. Navigate to the selenium webdriver page. 5. Click on the video.	User should be successfully redirected and watch the videos on courses page.	User is successfully redirected and watched the videos to the courses page.	Pass	Ensure that the user is redirected to page without any issue.	
Courses	As a user, I want to test courses page and check the functions inside the courses.	TC_COURSES_049	Check Protractor JS/TS page	User is on the Courses page	1. Click on the 'Explore Courses' button. 2. Navigate to the courses page. 4. Click on the View more button. 4. Navigate to the Protractor JS/TS page. 5. Click on the video.	User should be successfully redirected and watch the videos on courses page.	User is successfully redirected and watched the videos to the courses page.	Pass	Ensure that the user is redirected to page without any issue.	
Courses	As a user, I want to test courses page and check the functions inside the courses.	TC_COURSES_050	Check Playwright page	User is on the Courses page	1. Click on the 'Explore Courses' button. 2. Navigate to the courses page. 4. Click on the View more button. 4. Navigate to the Playwright page. 5. Click on the video.	User should be successfully redirected and watch the videos on courses page.	User is successfully redirected and watched the videos to the courses page.	Pass	Ensure that the user is redirected to page without any issue.
