Bug ID	Title	Priority	Severity	Description	Steps to Reproduce	Expected Result	Actual Result	Status	Assigned To	Comments
BUG_SIGNUP_001	Successful Sign Up Without Username	High	Critical	Users can sign up and log in successfully without providing a username, despite the username field being mandatory. This violates the sign up requirements and poses data integrity and security risks.	1. Navigate to the sign up page. 2. Leave the Username field empty. 3. Enter a valid Email and Password. 4. Click on the 'Sign up' button. 5. Observe that sign up is successful and the user can log in without a username. https://letcode.in/signup	The system should display an error message indicating that the Username field is required and prevent registration until a valid username is provided.	The system allows sign up and login without a username.	Open	Developer 1	Critical issue affecting user management and security. Immediate attention required.
BUG_SIGNUP_002	Successful Sign Up with Invalid Username Characters (!user#)	High	Critical	Users can sign up and log in successfully using usernames that contain invalid characters (e.g., ! user#), despite the username field having validation rules to restrict such characters. This violates sign up requirements and poses data integrity and security risks.	1. Navigate to the sign up page. 2. Enter an invalid username containing special characters (e.g., !user#). 3. Enter a valid Email and Password. 4. Click on the 'Sign up' button. 5. Observe that sign up is successful and the user can log in with the invalid username. https://letcode.in/signup	The system should display an error message indicating that the username contains invalid characters and prevent registration until a valid username is provided.	The system allows sign up and login with an invalid username containing special characters (!user#).	Open	Developer 2	Critical issue affecting data integrity and security. Immediate attention required.
BUG_SIGNUP_003	Registration Without Agreeing to Terms	High	Critical		1. Navigate to the registration page. 2. Enter a username. 3. Enter a valid email address. 4. Enter a strong password. 5. Do not check the Terms checkbox. 6. Click 'Sign Up'.	An error message is displayed indicating that agreeing to Terms is mandatory.	User is successful in sign up and redirected to the homepage with a welcome message.	Open	Developer 3	Ensure mandatory checkbox enforcement.
